February 2021

## **Invitation to the Alumni Association of Joining and Welding Research Institute**

Joining and Welding Research Institute (JWRI) will celebrate its 50th anniversary in 2022. We have established an alumni association for the purpose of contributing to the development of JWRI while promoting friendship among graduates, current students and faculty members. Specifically, alumni who are active in various fields both in Japan and overseas will carry out "joining" activities such as mutual friendship and exchange projects.

We would like to share the purpose of the alumni association of JWRI and ask you to join us. Also, I would be very grateful if you could share this information with others who may be interested.

Sincerely,

Chairman Tomoyuki Ueyama, Dr. Eng.  
Alumni Association of Joining and Welding Research Institute, Osaka University

Graduated in 1987  
Executive Officer  
General Manager of Welding Machine Division  
DAIHEN Corporation
