

Award Announcement:

The 2025 Joining and Welding Science Award

Dr. John Goldak

Contributions to the development and education of numerical researches in welding mechanics

Carleton University, Canada

The 2025 Young Researcher Award in Joining and Welding

Dr. Ghazal Moeini

Joint integrity evaluation of welded additive manufactured aluminum components; Experiment and Simulation

Westphalian University of Applied Sciences, Germany

Dr. Mengran Zhou

Mechanism of simultaneous optimization of mechanical and corrosion properties of friction stir welded Mg alloy joints

Tsinghua University, China
